Fabric scans are not color accurate.
Slight color deviations may occur
since PET Felt panels are made from recycled fibres.

PET FELT COLLECTION

Characteristics

A minimum of 50% of our felt is composed of **recycled PET** beverage bottles.

Thickness: 9 mm

Density: 1.9 kg/m²

Absorption coefficient: 0.85 αw

Recycled & recyclable

Sound absorption

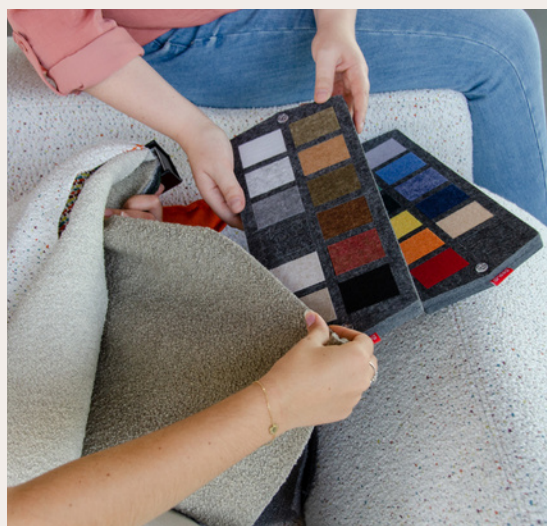

Fire retardant
Bs1- 0d0

Made from
PET bottles

Usable as
pin board

Application

Thanks to the large variety of products and colors we can offer, the felt panels can be used in any environment from office spaces and hotels to public buildings and classrooms. They can be used in different ways. In addition to the wall and ceiling application, the panels can also be used as a room divider, desk screen or as baffle.
